

# Men's Health Forum in Ireland: Men's Health Week 2006 - Online Registration of Event

Men's Health Week (MHW) will run from Monday 12th June until Sunday 18th June this year. The theme for 2006 is "Males and Mental Well-Being".

The purpose of this week is to heighten awareness of preventable male health problems, and to encourage early detection and treatment of illness among men and boys. This week gives everyone (health care providers, public policy makers, community groups, the media ...) an opportunity to encourage men and boys to seek medical advice and early treatment for disease and injury.

The Men's Health Forum in Ireland (MHFI) is inviting groups / individuals to organise an event to mark this week, and we will create a section on our website ([www.mhfi.org/mhw.htm](http://www.mhfi.org/mhw.htm)) to promote the details of these activities. If you would like to have your details included on this site, please complete and return the form below ...

**Name of Event:** Distribution of chain email throughout the institution

**Name of Organisation Running Event:** Trinity College Dublin

**Contact Person:** Fedelma McNamara

**Address:**

Trinity College Dublin  
Dublin

**Post Code:**
